

National Aeronautics and Space Administration

Mary W. Jackson NASA Headquarters  
Washington, DC 20546-0001

Dear **Sanjog Gautama**,

On behalf of the National Aeronautics and Space Administration and NASA's Vulnerability Disclosure Policy (VDP), we would like to recognize your efforts as an independent security researcher, both in identifying the vulnerability you submitted and for following NASA's VDP policy and guidelines in responsibly reporting this to us.

The ability to detect and report on security vulnerabilities is a valuable skill in the information security industry. Your reporting has facilitated NASA's awareness of otherwise unknown vulnerabilities and helped us protect the integrity and availability of NASA information.

Please accept this letter as a token of our appreciation for your efforts in detecting this vulnerability, and better enabling NASA to continue its advances in science, technology, aeronautics, and space exploration to enhance knowledge, education, innovation, economic vitality, and stewardship of the Earth. We are all in this together as a security community and your participation and expertise is commended.

Sincerely,

A handwritten signature in black ink, reading "Tamiko Fletcher".

Tamiko Fletcher  
Acting Senior Agency Information Security Officer SAISO
